	2. L	Hugo FRISCHMANN, an editor of the LINZ-URFAHR Communist Party paper, Neue Zeit, a Jew himself, commented on the matter as follows: *
		"A note of protest has never been submitted by Jewish members of the Communist Party of Austria. The Jewish provincial organization had asked for such a note but the Jews who had been victims of persecution in Upper Austria and were members of the Communist Party of Austria objected. The matter was once under discussion in the Jewish organization in Upper Austria, and the international solidarity of the Jews was stressed. However, no decision was made to submit such a note of protest."
25X1		Comment:
25X1	*	This information contradicts the statement "All Jews", made in a previous report, in that the Jews in the provincial organization of the Communist Farty of Austria in Upper Austria apparently are not involved. It is nevertheless believed probable that the information
25X1		is correct and that such a step was actually made but was frustrated by the Central Committee for obvious reasons of party discipline.
